

Benefits of Membership in Imago Relationship International

All Certified Imago Therapists® are eligible and are encouraged to become Clinical members of Imago Relationship International, Inc. (IRI). The first year of membership will be free of charge. All Certified Imago Therapists® are listed in the Membership Directory and are listed on the website. Many therapists fill their practice from these referrals alone. During the training program, trainees will automatically be a Student Member of IRI at no charge.

Benefits of membership in IRI:

- Being listed in the Membership Directory for referrals by IRI
- Being listed on our web page which will link to your personal web site
- Receiving all Institute communications including Imago World
- Use the trademark “Certified Imago Therapist®”
- Use of the logo
- Opportunity to advertise and sell your Imago-related products through the IRI website and at Imago conferences
- The knowledge you are supporting an international organization that has as its mission, “Changing the world one couple at a time.”
- A connection to Imago global and regional networks
- Access to advanced clinical training
- Access to clinical updates and the latest research
- Access to gifted faculty

- Client referral services
- Continuing education opportunities through web-based courses, teleclasses, summits, and the Imago International Conference
- A listing in the Membership Directory
- A listing on the IRI website and IT support
- Your own online Member Dashboard in which you can list, view, and edit your personal & professional information
- Access to Imago trademarks, printed and customizable brochures, logos, and other collateral marketing materials
- Marketing support
- IRI monthly newsletters
- Access to the members only forum *ImagoShare*
- Access to weekly *Think Tank* discussions
- Access to IRI intellectual property

We recommend that all Imago therapists continue getting supervision after becoming certified by either joining a supervision group or by sending in videotapes for supervision (this will be for supervision only and not evaluation). We recommend that Imago therapists get 15 continuing education credits every two years to stay current with the field. By attending the annual Imago International Conference you can probably receive all 10 credits. By sending in a DVD for supervision, you will receive 2.5 CE credits. There are also many other ways to receive continuing educational credits listed in this catalog.

At this time we do not require that Certified Imago Therapists® participate in continuing education or be members of IRI to keep their certification.

Educational Track graduates may also be members of IRI. Please call the office for details of benefits.
